

MALAWI CANE

THE ORIGINAL - HANDMADE IN MALAWI

Welcome to Malawi Cane. We are the world's biggest exporter of handmade furniture from Malawi. Everything we do is to uplift the brilliant artisans that make this beautiful furniture and to ensure your experience is professional and stress free.

QUALITY

All of our furniture is transported from Malawi to our warehouse in Cape Town, where every piece is finished, repaired, fumigated and put through strict quality control measures to ensure a perfect final product.

Before our furniture is exported, every piece is fumigated for a second time after loading onto containers.
